Desert Stars Enjoy Classics at Passarelli Restorations

Mark Passarelli, Desert Stars member and restorer of classic Mercedes-Benz, opened his shop on Sunday, January 30th, to his fellow members and other guests. On display was a collection of various models of 300SL

gullwings, roadsters and other restored classics in various stages of restoration. We all admired Mark's work and enjoy his food and drink as the pictures below attest.

This 300SL Gullwing restoration is almost complete.

This beautiful 600 belongs to Desert Stars member Manfred Pfeiffer.
